

Products we represent

Some manufacturers are market specific

Custom Packaged Rooftop Units, Air Handlers, Split Systems, Chillers, Heat Pumps, and Heat Recovery Units

Variable Frequency Drives and Low Voltage Motors & Starters

Remote Air Sampling, Sensing, & Measurement

Airflow Measurement and Control

High efficiency HVLS fans featuring a five-bladed design with WhalePower's new Tubercle Technology™.

Energy Recovery & Ventilation and Constant Airflow Control Products

Water Filtration Systems/Pep Filters

Cooling Towers, Closed Circuit Cooling Towers & Evaporative Condensers

Free Standing Non-penetrative Support Structures for Roof Mounted Equipment

Desiccant Dehumidification Systems

Custom Air Handling Units

Custom Built Field-Erected Pultruded Composite Cooling Towers

Custom Heat Exchanger Coils, Fluid Coolers, and Remote Air Cooled Condensers

Active and Passive Chilled Beams, Induction Units and High Induction Diffusers

Variable Volume Terminals, Fan Powered Terminals, Fan Coil Units, Blower Coil Units, Central Station Air Handling Units

Water Source & Geothermal Heat Pumps

Pumps, Tanks, Heat Exchangers & Accessories

Air Purification Systems using bipolar ionization cold plasma technology

Electric Duct Heaters
 Electric Unit Heaters
 Tower Sump Heat

Plate Heat Exchangers
 Shell & Rube Heat Exchangers

Gorham/Schaffler takes a high integrity approach to providing HVAC equipment solutions for commercial & institutional buildings. With more than a century's experience in the selection & application of equipment coupled with our end-user centric approach, we enable contractors, engineers, architects, building owners and management to achieve occupant comfort, optimal operating conditions, sustainability, and reduced equipment downtime — all while lowering total cost of ownership and providing an environment for increased productivity.

Kitchen Hood Systems, Exhaust Fans, Make-up Air Units

Air Distribution Products

VRF Heat Recovery & Heat Pump Systems, High Efficiency Mini-Split & Heat Pump Systems

Unitary Packaged Rooftop Units and Split System Products

Vibration Isolation Seismic products

Gas Fired Unit Heaters
Gas Fired IR Heaters

Commercial and Industrial Fans, Energy Recovery & Ventilation Products

Airflow Control for Critical Environments (Labs, Vivariums, Clean Rooms, Bio-Containment Facilities, Operating & Isolation Rooms)

Steam Injection, Electric, Clean Steam, and Gas Fired Humidifiers

Steam Injection, Electric, Clean Steam, and Gas Fired Humidifiers

Dehumidification, Temperature, and Air Quality for Natatoriums

Magnetic Bearing Hi-Efficiency Centrifugal and Air Cooled Chillers

Hot Water & Steam Unit Heaters, Commercial Baseboard & Fin Tube Radiation

Lab Fume Hood Exhaust and Heat Recovery, HEPA Filtration, High Temperature Exhaust Systems

Precision Air Conditioning Systems for Mission Critical Applications

Custom Air Handling Units

Gorham/Schaffler represents many manufacturers of the highest quality HVAC Equipment, air distribution, and DDC systems available on the market today.

Our staff of sales engineers and trained professionals provide application and technical assistance to add value to the equipment, systems, and services we provide.

Gorham/Schaffler Inc. | Memphis TN Office—3095 Stonebrook Circle | Memphis, TN | 901-345-6100
